L'ambition affichée est alors de donner carte blanche à un panel de spécialistes, un par période, pour constituer une histoire de France non seulement la plus juste scientifiquement, mais aussi la plus abordable. Les sept volumes de la collection ont été ici réunis, formant un récit vivant et d'une cohérence impeccable. De cette continuité entre les récits de chacun ressort clairement qu'il n'existe qu'une histoire de France, complexe et articulée, faite de mouvements plutôt que de moments, dont les contours sont connus et admis ; seuls les angles d'approche varient, et c'est dans cette subjectivité que réside la force de l'ensemble coordonné par Claude Gauvard.
